A JOURNAL OF POETRY AND OPINION

Dear Hal,

Mexico marvelous, people beautiful and gracious, but time was too short: Teotihuacan, Uxmal, Kabah, Dzibilchaltun, Mayapan, Chichen Itza, plus Mexico City and sleepy little Progreso in a mere 10 days! Hope to go again next winter...

Regret I wasn't able to check on the Banco Internacional for you - Jean was sick in Mexico City, time was short and there just wasn't anyone to help me with the project. Sorry.

Enclosed a couple of clips - self explanatory.

Thanks, too, for the books.

If you have info on Thornley book you might advise me. I'd like to see it/read it just out of curiosity.

Continue to take good care of yourself -

In haste, but with
warmest personal regards -
Phil
